Vol. 66 No. 1

Cynthiana, Kentucky

July 2, 2015

Minister's Message:

A dear soul shared with me an all too common remorse of the senior years. At 91, she had to sit and watch her grandchildren do the work in her yard that she always did. What could she do for THEM? One of the grandchildren told her that she could pray for them...that when they got her age, someone would be there to do the work in their yards which they always did.

A popular story goes that an elderly carpenter was ready to retire. When he told his boss, the contractor asked him to build just one more house. The carpenter's heart was not in his work on this last house. His workmanship was shoddy, and the materials he chose were inferior, but he didn't care.

When the carpenter finished his work, the employer handed him the keys to the front door. "This is your house...my gift to you."

Whether stage in life, these stories make us face a great truth we would do well to remember when making choices. Each day, God gives us the opportunities to build our lives, one nail at a time; one moment of positive influence over another soul at a time. The choices you make today help build the "house" you will live in tomorrow. May we build as if we are working for the Master Carpenter who blesses every day and will someday surprise us with the possession of a life which we have built for ourselves.
